ABOUT ME

I'm 28 years old, self taught software engineer with passion of web development. I have about an year experience of JavaScript, TypeScript, ReactJS and NodeJS. Beside these technologies, I have experience with mark-up using html, css, sass/less and different packages. I have successfully implemented several projects with technologies mentioned above.

WORK EXPERIENCE

Eco IT

Tbilisi, Georgia

Junior software engineer

01/2023 - present

My role is to design and develop user interfaces for web applications using React.JS, HTML, CSS, JavaScript, TypeScript, Bootstrap. I work closely with UI/UX team to ensure that the user interface is optimized for speed, usability, and accessibility. My responsibilities include writing high-quality, clean, maintainable and testable code.

PROJECTS
